

Food & Beverage and Culinary COVID-19 Initiatives

In order to make the lives of our membership a bit easier, during this time we provided an option for a curbside family-style meal prepared for our members. One family style menu will be available each day. Our Culinary team created a 10-day rotation with a fixed price of \$20 per person (with an option for a \$5 soup add-on).

During a very scary and uncertain time for everyone, it was challenging for people to find the essentials they needed when going to the store. BCC stocked essentials in our BCC Pantry for members to order.

The Club provided carry-out from an limited À la Carte menu. Menu items were determined based on dishes best suited for carry-out. We also be offered bottles of wine for carry-out.

The Club offered delivery on dinner À la Carte to-go orders, as well as our Family Curbside Carry-Out meals.

Many of our members have expressed their desire to help alleviate some of this stress for healthcare workers in their community, and have requested that we offer cupcake platters, trays of wraps, and other items they can purchase to assist their local hospital's nurses, doctors, and staff during this taxing time.

The Club offered strawberry, lavender, and lemon, housemade macarons to make Mother's Day extra special. Members placed orders online with curbside pickup.
